

Alan Johnson

Hi everyone, my name is Alan Johnson and I am a founder member of the charity, which was formed in 1987. I am also father to Christopher after whom the charity was originally named. My present role within Northern Lights is as Secretary and I also oversee the arrangements for the annual trip to Lapland. Meeting with the parents of the children who have been selected to go to Lapland is a key point in arranging the trip for me. Telling them all about the trip, answering many questions and of course, being introduced to the children who will be our responsibility for the duration of the trip. I believe that what we do has a tremendous positive effect on the children and helps them in their fight.

I have lived in Neston all my life and have two daughters both of whom are now involved with the charity. I served my time as an electrician at Shell Stanlow before moving to Shell Research Thornton where I stayed until 1999. I now work within a Project Controls environment at a Decommissioning Site.

I enjoy caravanning, walking, eating out, theatre, steam trains and I support Tranmere Rovers, (well someone has to). I also help out at the local Cyber Café.
